

KLOVE is a positive and encouraging station that not only uplifts me but many others in this community. If I didn't feel strongly about the message they deliver via their music choices and uplifting news selections, I wouldn't support an hour of broadcasting time each month.

True, there are other 'christian' stations in the area; however, I do not listen to them, or support them, because of either their content or the fact that they are on the AM dial and are not broadcast in stereo.

KLOVE shares a message that any city needs in order to help spread love instead of hate. The music helps any local by ministering to the needs of the people. Not only does KLOVE play uplifting music, but they also offer many other services useful to the combating of: crime, depression, loneliness, divorce, sickness, and many other of life's hardships that I am sure YOU have also experienced.
